GREENE COUNTY.—Some days ago the democrats of this county, undertook to get up a Soldiers' Convention, evidently for the purpose of procuring an endorsement of Mr. Clymer. Notice was given of the meeting in their local newspapers and by handbills. When the day appointed came—which was Saturday last—the Convention assembled in the Court House at Waynesburg. As soon as a Chairman was selected the point of order was raised that none but the supporters of the President's Policy were entitled to take part. This was voted down. Thereupon a dozen or fifteen men withdrew. Resolutions were then passed approving the Congressional plan of Reconstruction; protesting against Mr. Clymer; expressing strong preference for Gen. Geary; and reaffirming the action of the Soldiers' State Convention recently held in this city. We are indebted for these particulars to the Waynesburg *Republican*.

GOV. CURTIN, of Pennsylvania, has appointed SAMUEL P. BATES, LL. D., to the position of State Historian, in accordance with the act of Assembly of 1865, authorizing the appointment, and appropriating $5,000 to the work of collecting and writing a complete history of the Pennsylvania regiments in the service of the United States during the rebellion. Mr. BATES is eminently adapted to the performance of this work, and his selection will give general satisfaction. He is a graduate of Brown University, and has served with much efficiency as the Deputy Superintendent of Common Schools of Pennsylvania for the past six years.

CRAWFORD CO.—The Republican County Convention was held on last Tuesday, and the following candidates decided to be nominated: Congress, S. Newton Pettis; Law Judge, H. L. Richmond; Assembly, J. T. Chase, J. Boyd Espy; Prothonotary, W. F. Chalfant; Sheriff, F. W. Ellsworth; Register and Recorder, D. S. Keep; Clerk of the Courts, O. H. Hollister; Commissioner, Jeremiah Baker; Auditor, Charles S. Kelly; Coroner, A. M. Gorton. The number of votes polled for the respective contestants is not given.

BEDFORD.—The Republican County Convention met on last Tuesday, and nominated WM. H. KOONTZ for Congress; G. W. HOUSEHOLDER for State Senate; JOHN S. STUCKEY, of Bedford, and JOHN WELLER, of Somerset, for Assembly.

A SPLENDID gold headed cane, voted to General Geary at a Firemen's Fair in Lancaster city, was presented to the hero on Monday last.

RHIGOLENE!

The Greatest Discovery of the Age!

BETTER THAN LAUGHING GAS!

There is no longer any necessity for you to "go to sleep," with the risk of never awakening, for you can now have your teeth extracted "and know everything that is going on," and yet not experience the slightest pain. 'Tis strange but true, and by calling upon Dr. Quincy A. Scott, and examining his new process, you will be convinced. He gives a full set of artificial teeth, with beautiful gums, for $8, such as others charge $10 for; a full set for $10, which others charge $12 for, and a full set for from $12 to $15, which he will guarrntee to be better than can be made at any other establishment at any price. He gives Laughing Gas free of charge, in every case, and makes no charge for extracting when artificial teet are ordered.

N. B.—Other parties have advertised this new agent before they were prepared to use it, in fact before they were supplied with the necessary apparatus, but the public are assured that Dr. Scott never advertises anything but what he is prepared to do. Remember the number—278 Penn street, third door above Hand.—*Pittsburgh Post.*

Beautiful Specimens.

The pedestrian on St. Clair street is irresistably attracted to gaze into the art windows of the well known photographer, B. L. H. Dabbs. At the present time there is upon exhibition a number of photographs finished by the artist Wenzel, which, for beauty of execution, are superior to anything ever turned out in this city. One cabinet photograph of a little son of Rev. James Allison is worthy of special attention. It is a master-piece of photographic art. Another, the picture of a little daughter of Mr. Burns, is the most faithful likeness of an earthly angel we have ever seen. The crowning photograph, however, is that of a young lady of Alliance, Ohio. It is a life-size or cabinet photograph, delicately colored, and as natural as life. There are many other specimens upon exhibition, and the admirer of the beautiful would do well to call and closely examine the many superior works of photographic art in Mr. Dabb's palatial establishment. He charges but reasonable prices for photographs, and every picture finished at his gallery bears the impress of superiority. His rooms are located at No. 26 St. Clair street.

The Cholera—Important Order.

The cholera is coming. Everybody should use all means within their power to place their system in such order as to withstand the terrible scourge. Cleanliness is the first and most important precaution. The bath-tub is the best preventive known. T. T. Ewens & Co., No. 165 Wood street, are prepared to put in bath-tubs of the best style at most reasonable rates. They deal extensively in all kinds of bath fixtures, gas burners and chandeliers, globes, pendants, lamps, &c., and attend to all descriptions of gas, water and steam fitting. Their rates are most reasonable.

Hostetter's Stomach Bitters.

MUSHROOM IMITATIONS.

Success is the "prevalent cradle" of innumerable humbugs. No sooner had HOSTETTER'S STOMACH BITTERS made their mark in the world than up sprang a host of imitations, and as the fame of the great restorative grew and spread, the pestiferous crop of poisonous mockeries thickened. But the true medicine has lived them down. One by one they have disappeared. When the bellows of puffery, which kept alive the feeble fire of their borrowed reputation, ceased to blow, they ceased to live, and thus they continue to come and go. Meanwhile, HOSTETTER'S BITTERS, the great protective and remedial tonic of the age, have progressed in popularity with each succeeding year. Their success as a means of preventing and curing the diseases resulting from malaria, unwholesome water, and all unhealthy climatic influence, has been boundless; and as a remedy for Dyspepsia, Liver Complaint, Fever and Ague, General Weakness and Debility, and all complaints originating in Indigestion, they are now admitted to be superior to any other preparation ever advertised or prescribed. From the home market, to which a few years ago they were confined, their sale has been extended into every State in this Union, over the whole of South and Central America, Mexico, the West Indies, the Sandwich Islands, Australia, China and Japan. Home and foreign testimony continue to show that HOSTETTER'S BITTERS are the most remarkable tonic and invigorant now before the world.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, June 29, 1866.

SENATE.

Mr. Wade called up the bill amendatory of the act for the government of the territories recently passed by the House.

Mr. Buckalew moved to strike out the section prohibiting the denial of election franchise on account of race or color.

Pending discussion, the morning hour expired, and the Niagara Ship Canal bill was taken up.

Mr. Wilson introduced a bill to increase and fix the military peace establishment of the United States, which was referred to the Military Committee. It provides for five regiments of artillery, six of cavalry and forty-five of infantry, the artillery, the same as now organized, all bearing the same organization as is prescribed by law for the fifth regiment; but hereafter Adjutants, Quartermasters and Commissaries shall be extra Lieutenants, selected from the first or second Lieutenants of the regiment, the cavalry to be the same as now organized, except that each regiment shall have a Veterinary Surgeon, with a salary of one hundred dollars per month. The company Commissary Sergeant is abolished, and the regiment shall have but one Hospital Steward. The forty-five infantry regiments shall consist of ten regiments of ten companies each, now in the service, twenty-seven new regiments formed by adding two regiments to each battalion of the nine remaining regiments, three regiments of veteran reserves, and five colored regiments.

The sections relative to appointments of officers, the number of officers, and the enlisting of one thousand Indians, are the same as in the bill previously presented. Enlistments shall be for five years. There shall be one General, one Lieutenant General, five Major Generals, and ten Brigadier Generals. The other sections, relating to minor details, are taken from the old bill, with slight modifications.

Mr. Chandler introduced a bill relative to collection districts in North Carolina. Referred.

Mr. Sherman called up the National Telegraph bill. The pending question was upon Mr. Grimes' amendment to strike out the words—"That the National Telegraph Company, a corporation organized under the laws of the State of New York, April 16th, 1865, shall have the right," &c., and insert in lieu thereof the words, "That any telegraph company now organized, or authorized to be organized, shall have the right," &c.

Mr. Sherman offered in lieu of Mr. Grimes' amendment a substitute for the forty-ninth section of the bill, that any other telegraph company organized under the laws of the United States, or of any State, or the construction of telegraph lines through the different States and Territories, of the rights and privileges as are hereby conferred on the National Telegraph Company, subject to the same restrictions and obligations as by this act are imposed upon the National Telegraph Company, provided they file the necessary papers with the Postmaster General.

Mr. Sherman subsequently withdrew his substitute, and the question recurred on Mr. Grimes' amendment.

After further discussion, in which Messrs. Williams, Howard, Doolittle and others took part, the amendment of Mr. Grimes, recited above, was agreed to.

Mr. Hendricks moved to strike out the following from the first section: "And may preempt and use such portion of the unoccupied public lands through which its said lines of telegraph may be located as may be necessary for its stations, not exceeding one quarter section for each station, such stations to be not less than fifteen miles apart."

Mr. Conness moved to amend the amendment by striking out one quarter section and inserting forty acres.

Mr. Hendricks accepted the amendment of Mr. Conness as a substitute for his amendment, and it was adopted.

Mr. Nye moved at 4:30 o'clock that the Senate adjourn. Disagreed to.

Mr. Hendricks spoke against the bill as involving the exercise of a power which Congress had no right to confer.

Mr. Wilson moved to postpone further consideration. Disagreed to.

Mr. Morgan offered the following as a substitute for the second section:

"Section 2. That it shall be the duty of the Postmaster General, on the first Monday of September, of each year, after the passage of this act, to advertise in the three daily newspapers having the largest circulation in the United States, for sealed proposals for doing the telegraphic business of the Departments of the Government."

Disagreed to—yeas 14, nays 15.

The bill was then passed by the following vote:

Yeas—Messrs. Anthony, Brown, Conness, Cragin, Edmunds, Fessenden, Foster, Harris, Howe, Kirkwood, Powell, Sherman, Sprague, Stewart, Wade and Williams—16.

Nays—Messrs. Buckalew, Clarke, Cowan, Doolittle, Guthrie, Hendricks, Howard, Morgan, Nye, Sumner, Van Winkle, Willey and Wilson—13.

As passed, the bill provides: Section 1. That any Telegraph Company now organized, or authorized to be organized, under the laws of any State of this Union, shall have the right to construct, maintain and operate lines of telegraph through and over any portion of the public lands of the United States, over and along any of the military or post roads of the United States which have been or may hereafter be declared such by act of Congress, and over, under or across the navigable streams or waters of the United States; provided that such lines of telegraph shall be so constructed and maintained as not to obstruct the navigation of such streams and waters, or interfere with the ordinary travel on such military or post roads, and said corporation shall have the right to take and use from such public land, the necessary stone, timber and other material for its posts, piers, stations and other needful uses in the construction, maintainance and operations of said lines of telegraph; and may pre-empt and use such portion of the unoccupied public lands through which the said lines of telegraph may be located, as may be necessary for its stations, not exceeding forty acres for each station, such stations not to be within fifteen miles of each other.

SEC. 2. That telegraphic communication between the Departments of the Government of the United States and their officers and agents, shall, in their transmission over the wires of any of said company, have priority over all other business and shall be sent at rates to be annually fixed by the Postmaster General.

SEC. 3. That the rights and privileges hereby granted shall not be transferred by any company acting under this law, to any other corporation, association or person; provided, however, that the United States may at any time after the expiration of five years from the date of the passage of this act, for postal, military or other purposes, purchase all the telegraph lines, property and effects of any and all of said companies, at an appraised value to be ascertained by five competent disinterested persons, two of whom shall be selected by the Postmaster General of the United States, two by the company interested, and one by the four so previously selected.

SEC. 4. That before any telegraph company shall exercise the powers or privileges conferred by this act, such company shall file their acceptance with the Postmaster General of the restrictions and obligations of this act.

The Senate adjourned.

HOUSE.

Mr. Stevens, from the Committee on Appropriations, reported a bill making appropriations for sundry expenses of the government for the year ending June 30, 1867, which was read twice and referred to the Committee of the Whole on the State of the Union, and made the special order for Tuesday next.

Mr. Cook, from the Judiciary Committee, reported a bill for the creation of a National Bureau of Insurance, which was read twice and recommitted.

The House proceeded to the consideration of the motion of Mr. Miller, made on Friday last, to recommit to the Committee on Invalid Pensions the adverse report made on the bill granting pensions to the soldiers of the war of 1812, and instructing the committee to report a bill for that purpose. His motion, after debate, prevailed—yeas 101, nays 19. The instructions apply to the sailors as well as the soldiers of the war of 1812.

Mr. Coffroth, from the Committee on Invalid Pensions, reported a bill granting pensions to the soldiers and sailors of the war of 1812, and to those engaged in the Indian wars during that period. The bill went over till next Friday. The bill provides that surviving officers, non-commissioned officers and soldiers of the war of 1812, who served for a term of three or more months, or were engaged in battle with the enemy, shall receive from any money in the Treasury not otherwise appropriated the amount of pension paid according to the same rank; but in no case shall any one receive more than the pay of a captain of infantry. Officers and soldiers who have served three months or more against the Indians in the same war, are included. Widows of soldiers are entitled to the same amount to which their husbands would have been entitled. Satisfactory evidence of service must be furnished to the Secretary of the Interior. Pensions shall not be liable to attachment under legal process. Officers, non-commissioned officers and marines, who have served in the Navy for three months, or more, or were engaged in battle, and their widows, are entitled to the benefits of the act.

The House went into Committee of the Whole, Mr. Schofield in the Chair, and resumed consideration of the tariff bill.

A debate arose on a motion by Mr. Wilson, of Iowa, to strike out the specific tax on licenses, and leave the duty thirty per cent ad valorem as it is at present.

Mr. Wilson thought the manufacturers of the country were mistaken in asking for an increase of duty on imports. What they needed most was equality in the law. There were many provisions in the bill to which his objections would apply. It was calculated to benefit holders of the largest stock of manufactured goods as much, if not more than the manufacturers, and the next session Congress will be called upon to reduce the duties and go to the other extreme. He warned the House that the tendency of this bill would be to drive the people of some sections to favor free trade.

Mr. Stevens was sorry to find members so active in their opposition against protection to American industry. He had hoped the time had arrived when all were agreed to build up home markets for home productions. The Great West had reached the time when the Valley of the Mississippi should be lined with manufacturing cities. He was astonished that a gentleman possessing the talents of the member from Iowa should be found insisting on sending the products of the West to England, and purchasing foreign goods instead of making them at home.

Mr. Wilson argued in reply that while the war had closed and the internal revenue duties are reduced $75,000,000 per annum, the duties on imports should not be increased to the extent called for by the bill. He was as anxious as the gentleman from Pennsylvania to build up manufactures, but he did not desire it to be done at the expense of sound policy.

Mr. Wilson's amendment was rejected.

On motion of Mr. Dodge, the duty on crash was fixed at 35 per cent. ad valorem.

Mr. Hale moved to insert a paragraph taxing yarns and flax, or hemp.

Mr. Bundy moved to increase the duty on pig iron from $9 to $10 per ton.

After a long debate, participated in by Messrs. Bundy, Spalding, Le Blond, McKee and Morrill, the amendment was agreed to by 53 to 46.

Mr. Hale moved to amend, by increasing the duty on bar iron from one a quarter cent per pound to one and a half cent. Rejected, by 34 to 59.

The Committee rose. Five sections were disposed of in the Committee to-day.

Mr. Smith introduced a bill requiring officers in Territories to hold their offices and file papers at the capitol of Territory. The bill was read twice and referred to the Committee on Territories.

Mr. Hitchcock, of Nebraska, introduced a bill to establish an additional local district in the Territory of Nebraska. The bill was read twice and referred to the Committee on Public Lands.

Mr. Latham offered a resolution which was adopted, instructing the Committee on Military Affairs to enquire into the expediency of reporting an amendment to the act of March 3d, 1849, providing payment for horses and equipments of officers lost through the management of railroad transportation.

Mr. Cook, from the Judiciary Committee, reported back with amendment a bill to amend the act of September 24, 1782, to establish Judicial Courts of the United States.

The request of the Senate for a Conference on the bill further to prevent smuggling was agreed to.

The House Committee of Conference on the Freedmen's Bureau bill are Messrs. Elliott, Bingham and McCullough.

Adjourned.

FROM WASHINGTON.

Address by Democratic and Conservative Congressmen to the People, Endorsing the Proposed National Convention—Appropriations for National Cemeteries—Details of the Recent Victory of the Liberals Over the Imperialists in Mexico

WASHINGTON, June 29.—It is understood that an address to the people of the United States has been agreed upon by the Democratic and Conservative members of Congress, and is now being signed. It fully endorses the proposed National Convention to be held at Philadelphia on the 14th of August, and urges participation in its proceedings.

It is headed with the names of Senator Guthrie and Representative Niblock.

The miscellaneous appropriation bill reported to the House to-day, contains an item of $50,000 to establish national cemeteries and to purchase sites for the same, at such points as the President may deem proper, and for the care of the same, and $300,000 for erecting, in connection with the Treasury Department, a brick fire-proof building for the currency printing bureau and for storage.

An official report from General Coravogel, Governor of Tamaulipas, dated the 18th inst., has been received by Minister Romero, which states that he had just been placed in possession of intelligence from General Escobedo, dated on the 16th, giving him details of his important victory over the Imperialists near Camargo on the same day. The wagons captured are over 270 in number, and the value of the merchandize nearly $2,000,000. The merchandize belonged to French and Austrian houses at Matamoras, and is therefore a lawful prize.

General Escobedo also captured 1,200 prisoners, of whom 400 were Austrians. Only a part of the enemy's cavalry escaped. All the artillery and ammunition was captured.

A conducta of two millions of dollars left Monterey for Matamoras on the 16th, with 200 French soldiers as a guard under General Jeaningros. General Escobedo marched to attack him. General Carvogale expresses his ability to capture Matamoras without reinforcements from Escobedo.

FROM NEW YORK.

Cotton Destroyed by Fire—Reported Removal of Secretary Harlan—The New Army Bill—Southern Cotton Frauds—Reported Extensive Frauds on the Revenue—Appeal to the French from the Rhenish Provinces—Telegraphic Consolidation Declared Valid and Lawful.

NEW YORK, June 29.—Nearly $40,000 worth of cotton was destroyed by fire this morning in the upper stories of a storehouse on Stone street. The cotton was owned by Wall & Pinckney, who were insured for $60,000.

Specials to the evening papers say that it is confidently stated that First Assistant Postmaster General Randall will, in a few weeks, succeed Secretary Harlan in the Interior Department.

The new army bill just reported to the Senate provides for the organization of forty-five regiments of infantry—five less than the House bill provides for,—five regiments of veteran reserves, and five of colored troops.

An investigation into the Southern cotton frauds is to be had in the House. They are estimated at $100,000,000, exclusive of the immense amount of other stealings.

General Sickles will probably be appointed Naval Officer in New York.

There are reports of another extensive fraud on the revenue, and the officers have taken possession of a large distillery in the Fifth District. The particulars have not yet transpired.

The inhabitants of the Rhenish provinces have issued an appeal to the French people expressing fears that they may be invalid, and declaring with much force and feeling that they are Germans, and intend to remain Germans.

A Wilkesbarre dispatch says the Catawissa case has been settled. The consolidation of the Atlantic and Great Western Companies is valid and lawful.

FROM THE SOUTH.

New Orleans Market—Texas State Election—Negro Suffrage Killed—Attempt to Rob a Bank at Atlanta

NEW ORLEANS, June 29.—Cotton irregular; sales 35 bales of low middling, at 32@35c. Total's receipts was 134 bales. The week's receipts was 1,200 bales, against 5,400 bales last week. Exports—5,625 bales; stock, 144,130 bales. Bank sterling, 60. New York Exchange, ¼ premium. Coffee nominal; week's sales, 100 sacks; stock 45,000.

TEXAS STATE ELECTION.—Galveston, Houston, Austin and Hampstead are largely in favor of Throckmorton for Governor, and the Union Conservative ticket is elected by an immense majority. The local elections are the same. It is believed the majority will be six to one. Negro suffrage is killed by the opposing party. A very large vote was polled throughout the State.

AUGUSTA, (GA.,) June 29.—An attempt was made to rob the National Bank of Atlanta on Thursday while the cashier was engaged. Eleven thousand dollars were extracted from the desk. The thief was arrested and secured.

The steamship Southern Rights has arrived at Charleston from Liverpool. She is one of the new line of steamers established between Boston and Charleston.

The freedmen are behaving badly in the Sumter District of South Carolina. A detachment of regulars has been sent there from Columbia to preserve order.

FROM VERMONT.

Democratic State Convention—Nominations—Synopsis of Resolutions—"My Policy" Commended.

MONTPELIER, VT., June 29.—The Democratic State Convention, to nominate candidates for State offices, was held in this place to-day. The nominees are the same as last year, and are as follows: For Governor, Charles N. Davenport, of Wilmington; for Lieutenant Governor, D. Ormsby, of Burlington; and for Treasurer, J. H. Noyes, of Hyde Park.

Resolutions re-affirming their trust and confidence in the principles of the Democratic party; commending the reconstruction policy of President Johnson; in favor of taxing United States bonds, and commending the soldiers of our armies for their bravery and endurance in putting down the late rebellion, were adopted.

Speeches were made by Mr. Smith, of Milton, Mr. Adkins, of Montpelier, Mr. Coin, of Rutland, and others.

The Russian-American Telegraph Enterprise.

SAN FRANCISCO, Cal., June 25.—The Western Union Telegraph Company's steamer Wright sailed yesterday for Petropolski, thence to Behring's Straits and points on Russian and American coast. Col. Chas. Bulkley, engineer in charge of the Russian telegraph expedition, sailed on the Wright, accompanied by Count P. Annassoff, Commissioner of the Russian Government to the Telegraph Company, and Thos. W. Knox, author and journalist, formerly connected with the Associate Press. Count Annassoff remains in Siberia to assist the telegraph enterprise, and will probably meet the Governor General at the mouth of Amour river early in August. Col. Knox will accompany him to Amour and proceed thence to St. Petersburg. The Company's barks Clara Bell, Palmetto, Rudgers and Onward have all gone to their various points of destination. The Golden Gate and Nightingale will sail as soon as the material they are awaiting arrives.

Indictment Against Fenian Prisoners—Cases Postponed and the Accused Released on Bail.

BUFFALO, June 29.—A special dispatch to the *Courier*, from Canandaigua, says the grand jury presented indictments against the Fenian prisoners this afternoon, John O'Neil, Owen Starr, John Hay, John Spaulding, Wm. Smith, Lawrence Shields, Michael Conlon, Q. O'Leary, Philip H. Mundy, J. M. Fagarty, J. F. Gray, John McGuire, R. Fitzpatrick, J. H. Roche, captured at Buffalo; M. C. Murphy, O. H. Lindsay, James J. Heffman, Terrence Quinn, J. F. Riley and A. C. Easton, captured at Malone. The cases will be postponed to the next term, and the prisoners released on bail.

Election in Norfolk, Va.

FORTRESS MONROE, June 29.—An election in Norfolk for municipal officers and delegates to the State Legislature, was held in that city on the 27th. The returns came in slowly. John Goode, was elected to represent the city in the House of Delegates, beating his opponent two to one. E. H. Ludlow was elected Mayor of the city, and Thomas Diggs sheriff, by large majorities. The election passed off quietly.

CITY AND SUBURBAN.

Additional Local Matters on Third Page.

THE DISPATCH.—Our enterprising and widely disseminated contemporary, the *Dispatch*, came to us yesterday in an enlarged form, which greatly improves its appearance. The heavy demand upon its hitherto limited space by the advertising community, necessitated the change of size. It is a readable, spicy and cheap journal, and as an advertising medium has no superior in Pennsylvania. We wish the proprietors all the success due their enterprise.

Commencement Exercises of St. Xaviers' Academy at Latrobe.

Yesterday the commencement exercises and distribution of premiums took place at the widely known and justly celebrated Academy of St. Xaviers' near Latrobe. There was an exceedingly large attendance of visitors from the eastern, middle and western portion of the State, and all were highly delighted with the rare literary and musical treat afforded. Nearly one hundred pupils participated in the exercises. Where so much true scholarship and excellence prevailed, we are at a loss to individualize the performers, or to award the proper credit due to the young ladies. We are compelled, however, to appear invidious, rather than fail to notice the admirable merit displayed by the young ladies in a simple little operetta entitled "Callista." Miss M'Glensy, of Philadelphia, sustained the principal character in a manner that would reflect credit upon our American prima donnas. The other young ladies sustained the parts assigned them in an artistic style, equally worthy of the highest encomiums. Miss Walker, of Elizabeth, executed several difficult compositions upon the piano and elicited the warmest applause from all present. Miss Estelle Jones, a linguist of no ordinary abilities, read an Italian essay which was said to have been a masterly production. The choicest flower of the literary boquet offered, was the valedictory address by Miss Anna Gildea of Pittsburgh. The composition was beautiful and affecting, while the elocution of the young lady was faultless. We regret exceedingly that our space will not permit us to speak at any greater length of the literary and musical performances. The commencement displayed the thorough culture of the scholars in attendance and reflected much credit upon the educational abilities of the good sisters having charge of the Academy. St. Xaviers is among the best female colleges in America, and is liberally supported by both catholic and protestant citizens who have daughters to educate.

A Cool Theft.

Yesterday morning, a little before noon, Captain McHenry, formerly attached to the Provost Marshal's office, missed his hat—a fine beaver—from the hat rack in the hall of his residence on Grant street. At first he supposed it had been taken by mistake, as a rather dilapidated "tile" hung in its stead, but then he thought the trade was altogether one-sided, and the idea that the covering of his cranium had been stolen by some ingenius thief began to get possession of him. After making a diligent search through every nook and corner of his domicil, he proceeded into the street, where he discovered the missing beaver on the head of an individual named Alban Smith, who, from the manner in which he strutted along it was plainly evident that he believed with the poet Holmes that nothing ruins the *personelle* of a man of fashion more than to have his "hyperion locks" surmounted by a "shocking hat." On making this astonishing discovery Captain McHenry went immediately to the office of Alderman Morrow, where he made oath against Smith for larceny. A few hours after the accused was arrested in Allegheny City and brought into the presence of the magistrate, who took bail in the sum of $300 for a further hearing to-day.

A Strange Assault.

Jacob Ketz yesterday appeared before Alderman Donaldson and made oath against Frank Fricks for disorderly conduct. From the evidence at the hearing it appeared that yesterday morning about five o'clock, while Ketz and his wife were yet in bed, they heard a knocking at the door. After a slight delay, Mrs. Ketz arose, dressed herself and opened the door, when in rushed Fricks and shoving her aside, went immediately to the bed where her husband lay in a quiet doze. Fricks immediately opened hostilities by playfully thumping Ketz with his clenched fist, emitting a shout of laughter between each blow. Naturally enough Mrs. Ketz interfered in behalf of her "liege lord," which so exasperated Fricks that he increased the force of his blows on the suffering Ketz, and finally tore the bed clothes into ribbons, scattering the feathers in all directions. Fricks admitted the charge, but owing to the fact that Ketz did not wish to prosecute, he was released on payment of a fine of $10 and costs.

Meeting of the First Penna. Reserve Cavalry.

The First Pennsylvania Reserve Cavalry held a meeting in Harrisburg, on June 27th, at which it was unanimously resolved that the regiment be represented in the ceremonies of presenting the standards of Pennsylvania regiments to the Governor, and that all arrangements for the procession be left with Col. J. P. Taylor, also that a banner be prepared to be carried with the procession, containing the inscription of forty-two battles and sixty-one skirmishes.

All who wish to take part, are to report to Col. Taylor, at the La Pierre House, Philadelphia, on the evening of July third, or early on the morning of the fourth.

It was resolved to publish these proceedings in Philadelphia, Harrisburg, Pittsburgh and Reading.

The Missing Child.

The following is a description of the little girl, Lillie Davidson, who was abducted from her home in Cincinnati, on the fifteenth of April, and who has not yet been found: "She is between four and five years of age; rather stout in stature, light complexion, light brown hair, cut short, full gray eyes, a round full face, and a little sunken across the eyes; two molds on the side of her face, one near the temple, the other near the top of the ear." Two thousand dollars is now offered for the recovery of the child, and the amount has been placed in the hands of the Mayor of Cincinnati.

The newspapers throughout the country are requested to copy the description of the missing child.

Misinformed.—Mr. J. F. Keeler, of whom mention was made in our columns a few days since as having whipped a boy named Carlyle for throwing water in his residence, has unknowingly to us received injustice in our columns. We have sifted the matter thoroughly in order to ascertain the truth, and have discovered that we were misinformed, and that Mr. Keeler committed no assault whatever. Carlyle, with other lads in that neighborhood, have been a continual source of annoyance to the citizens in the vicinity of Third street and Cherry alley, who feel grateful to Mr. Keeler for his interference to abate the nuisance.

Sixth Ward School Teachers.—At a meeting of the Board of School Directors of the Sixth ward, held yesterday forenoon, the following teachers were re-elected: Principal—Daniel C. Holmes. Grammar Department—Misses E. Ralston, Caroline S. Davis, Martha J. McCracken, Mary M. Foulke. Intermediate Department—Miss Eva M. Simpson, Martha B. Snodgrass, Eliza J. Getty, Margaret Howard. Primary Department—Misses Jennie M. Kincaid, Eliza D. Brown, Elizabeth J. Prince, Amanda L. Snyder, Mary A. Coleman, Sarah A. Leech, Lucy G. Shephard, Martha E. Shore, Sarah J. Rea, Mary Fleming.

Remarkable.—There is no better evidence that the city is enjoying a season of extraordinary quietude, in the police way, at the present time, than the fact that Alderman Strain had not a single case before him yesterday, and did not even take an information. When one of our city magistrates, who for months past has transacted an amount of business not more than equalled by the Mayor, is so slack, police officers, except those "in grey" and other salaried ones, may conclude their occupation about gone.

Struck with a Pot-stick.—Annie Lindsey was before Alderman Donaldson yesterday, charged, on oath of Hiram Key, with assault and battery. Annie stated in defense, and was substantiated by several witnesses, that she first ordered Key out of her house, and on his refusing to go she struck him over the shoulder with a pot-stick. The assault was deemed justifiable and Annie was discharged.

Hay.—We are informed by Mr. Edgar, the attentive weigh master at the Diamond Scales in Allegheny City, that there have been larger sales of hay during the last two weeks than for a long time previous. The farmers are endeavoring to dispose of the old stock, as prices will likely be reduced each day in consequence of the very flattering prospect of an abundant yield this season.

Assaulted and Battered Him.—Christ Doering presented himself yesterday at the office of Justice Ammon, East Birmingham, and entered complaint against Ann Schochinsee, charging her with having committed an assault and battery upon his person. Ann was required to give bail in $300 for her appearance for trial, and in default was committed to jail.

Released.—J. H. Birch, who was arrested on Thursday night while paying a visit to his wife on Point street, had a hearing yesterday and was discharged on payment of $10 for disorderly conduct. His wife, who appeared at the hearing, spoke pleadingly in his behalf, and it was at her entreaty that the more serious charge of housebreaking was abandoned by her brother.

Fire in Church Alley.—Yesterday, about noon, a frame stable in Church alley, owned by Patrick Mullen, caught fire, but was saved from destruction by the aid of a few buckets of water. The fire department received the alarm, but their services were not called into requisition.

Feed Boy Wanted.—A good feed boy is wanted immediately at this office. Apply at GAZETTE counting room, between the hours of two and five o'clock P. M.

The Annual Commencement Exercises of the Western University—Conferring of Degrees, &c.

The annual commencement exercises of the Western University, situated at the corner of Ross and Diamond streets, came off last evening in Christ (Methodist Episcopal) Church, Penn street.

About seven o'clock a procession headed by a Brass Band and consisting of the Trustees, members of the Faculty, the graduating class and the University Cadets—an embreyo military organization comprised of students of the institution dressed in grey uniform—marched from the University Building under the marshalship of Gen. J. B. Sweitzer, to the church, where already a large audience, chiefly ladies, were assembled. On entering the church the Faculty, Trustees and friends of the institution, took seats within the chancel, the students, including the cadets, were seated just without the railing, while the band occupied a gallery in the rear, on gaining which they played "Hail to the Chief" with a harmonious perfection truly beautiful, at the conclusion of which Gen. Sweitzer, announced the order of the exercises, and requested those in attendance to refrain from bestowing applause on any production, out of respect for the house of God in which they had met.

Rev. Herrick Johnson then offered an impressive prayer, asking God to protect and bless those present, guiding them in the narrow path through life to a happy eternity, in the mansion of the Eternal Father. At the conclusion of the prayer Robert Rodgers, of Lawrenceville, ascended the stand and delivered the Salutatory oration in Latin. The ease and grace of Mr. Rodgers' delivery was the subject of general commendation. Hezekiah Douthett Gamble next delivered an oration on the Habits of Thought, which gave evidence of deep thought and considerable erudition on the part of the orator. George Wilkins Guthrie gave an oration in Greek entitled the Power of Fashion, in which he portrayed the absurdities to which fashion leads its devotees, treating his subject in a humorous vein, that to those who understood the tongue in which he spoke was highly entertaining and amusing. Mystery, an oration by Robert Heberton Negley, of East Liberty, was a very fine production, and reflects credit on its author, whose elocution and well modulated voice added an extra charm to his performance.

Next came an oration by Robert Rogers, on Institutional Monuments, which, as also an oration on the Duties of the Scholar, by George Wilkins Guthrie, as very fine.

The concluding oration was by John Gordan, of Swissvale. His theme was the Unconditioned, in the delivery of which he shewed himself to be thoroughly versed in metaphysics, speaking of the infiniteness of space and time with the ease of one who perfectly understood his subject.

When Mr. Gordon had concluded his oration, and before quitting the stand, he pronounced the valedictory address, which was exceedingly neat, appropriate, and touching.

Dr. George Woods, L. L. D. President of the Faculty, then conferred degrees on the following persons: Robert Rogers, A. B., Hezekiah Douthett Gamble, A. B., George Wilkins Guthrie, A. B., and John Gordon, A. B.

After the graduates had retired the degree of Doctor of Divinity was conferred on James McCosh, L. L. D., who has recently arrived in this country from Scotland. Prayer was then offered by the Rev. Dr. Howard, after which the assemblage dispersed, the band discoursing excellent music as they did so.

The entire programme, which embraced many productions of rare merit, was carried out with an eclat that should be a source of pride to the officers of the University and gratification to the friends of the students who are so fortunate as to be within the pale of its influence.

Serious Affair at the Allegheny Arsenal—Two Men Injured by the Explosion of a Shell, one Fatally.

Persons at the Allegheny Arsenal, in the borough of Lawrenceville, and citizens in the vicinity, were alarmed on Friday morning at hearing an explosion which appeared to be of an unusual character. Soon it was ascertained that a fifteen pound percussion shell had exploded in the laboratory, injuring two enlisted men named Patrick Sweeny and Michael McCauley. The particulars our reporter learned to be about as follows: About half-past six o'clock the men named entered the laboratory for the purpose of removing the charges from shells received at the Arsenal since the close of the rebellion. They took a fifteen pound percussion and sought to remove the cap or plug by means of an iron wrench. Meeting with some difficulty, Sweeny finally took up a wooden mallet and succeeded in driving the plug into the shell, but in so doing, the wrench caused a spark to be emitted, which followed the plug, ignited the powder, and caused an explosion. A fragment of the shell struck Sweeny in the left side tearing away a portion of his bowels and lacerating the intestines, which protruded to a considerable extent. McCauley was struck by another fragment on the left hip and an ugly wound inflicted. The injured men were removed to the hospital as soon as possible, and Dr. J. H. Beatty, Post Surgeon, summoned. Upon examining Sweeny, the Surgeon pronounced his wound necessarily mortal. Drs. Robinson and Hammond, of Lawrenceville, volunteered their services, and rendered valuable assistance. McCauley suffered a severe shock, but recovered during the day, and was comparatively comfortable in the afternoon. Reaction took place in the case of Sweeny, but when we saw him last evening he appeared to be rapidly sinking. Drs. McCook and Coffy of the city visited him, at the request of some of his friends, and concurred in the belief that it was not possible for him to survive. Both McCauley and Sweeny are held in the highest esteem by the officers and attaches of the Arsenal, and much regret is felt at the occurrence. The explosion caused but trifling damage to the building in which it occurred.

The Weather.

Yesterday was a delightful day for promenading, and our streets were crowded with the fair sex. The latest fashions were displayed to the best advantage, and the dry-goods merchants drove a brisk business. We have before alluded to the summer fashions now making their appearance upon our promenading thoroughfares. While we are not inclined to flatter ladies upon the good taste displayed by them in the "makeup" of their garments, still we venture to assert that never has there been such a profusion of neat and beautiful patterns and styles of goods in vogue as at the present time. We had formed this opinion upon witnessing casually the costumes of the ladies passing us upon the street, but were confirmed in it by paying a visit yesterday to the magnificent sales-rooms of Bates & Bell, No. 21 Fifth street. At our leisure we looked through their large and varied assortment of choice new piece goods and were lost in admiration at the chaste and elegant styles but recently introduced by the manufacturers. All tastes, no matter how plain or fastidious, would meet with patterns of silks, chintzes, lawns, poplins, calicos and delaines, which would suit to perfection. The material for traveling suits, morning robes and walking dresses, is also possessed of the same neat and beautiful appearance. But Bates & Bell have long held a high place in the estimation of the shopping community, and if ladies and others cannot be suited there, they must indeed be fastidious to an extreme. The large and steadily increasing trade of this house renders it absolutely necessary to keep a varied stock of dry goods constantly on hand, which they dispose of at rates the most reasonable and inducing. A number of attentive and obliging salesmen are constantly in attendance to wait upon all who may favor the house with a call.

Beautiful Banner.

Reader! as you pass along Market street, to-day, stop and admire the beautiful banner of the "Pearson Zouaves"—155th Pennsylvania Volunteers—exposed in Richardson's window. The dimensions are six by four-and-a-half feet; the material silk; white field, in the center a Maltese cross of red silk, three feet square; edges trimmed with heavy gold ballion fringe. On one side is inscribed the number of the regiment, with the date of organization, (Sept. 2d, 1862,) and on the other the names of thirty engagements in which the regiment took part, viz: Antietam, Fredericksburg, Chancellorsville, Gettysburg, Bristow Station, Rappahannock Station, Mine Run, Wilderness, Spottsylvania, North Anna, Tolopotoma, Bethesda Church, Bellefield, Dabney's Mill, Gravelly Run, Five Forks, Appotomax C. H., Coal Harbor, Petersburg, Weldon Railroad, Poplar Grove Church, Peeble's Farm, Hatcher's Run. The inscriptions, in gold leaf, were done by W. J. Crisswell, of 77 Fourth street, a member of the regiment. The banner will be taken to Philadelphia by the delegation of the regiment going there to take part in the flag receptions on the Fourth.

A Magnificent Instrument.

The Knabe pianos have long enjoyed a superiority over every other instrument in the market. Their great volume of tone, and richness of melody have made for them an excellence unsurpassed by any piano manufactured in America. We were afforded an opportunity yesterday of closely examining a superb 7⅓ octave piano of this make recently received by Mrs. Charlotte Blume, No. 43 Fifth street. Possessing sufficient musical abilities to judge the relative merits of the various instruments in the markets, we unhesitatingly pronounce this superior to any we have ever examined. It is beautifully finished and reflects the highest praise upon the manufacturers. The case is of the finest rosewood, elegantly carved and finished in the best style of art. Persons desirous of examining an instrument which has no superior in America, would do well to call at an early day at Mrs. Blume's establishment. A large stock of musical instruments of every description will also be found there, which are to be disposed of at the most reasonable rates.

Cow for a Fee.

An unfortunate individual from the rural districts, in jail for some offense, anxious to secure his release, fell in with an attorney yesterday, and after stating his case offered to give him a cow, worth $80 to $100, as a fee, if he would attend to relieving him from incarceration in order that he might return to his family. A bargain was struck, an order given for the cow, and late in the day the attorney might have been seen driving the bovine beast along Pennsylvania avenue toward the heart of the city. Having secured his fee, we trust he will be as good as his word and secure the release of his client.

Caught.—David Such, who was charged some months since with smashing furniture at the tavern of Stephen England, on Penn street, was arrested yesterday and locked up for a hearing.

Early Closing.

EDITORS GAZETTE:—*Gentlemen:*—In your paper of the 25th I saw a notice in reference to "early closing," wherein you state you are at a loss to ascertain the reason why the dry goods establishments of Fifth and Market streets do not close their doors at five o'clock, P. M., during the summer months of this year, as well as last. It is to be hoped that Pittsburgh will not loose her good name, in this respect. Commercially, she is one of the soundest cities in the Union, and her merchants can well afford to be liberal, and ought not to be a whit behind any other place in the march of improvement and progress. If it was deemed necessary and beneficial last year, what reason can they assign for it not being equally so this? The dry goods trade, both wholesale and retail, has hitherto taken the lead in the early closing movement in this city, and other trades have more or less followed in the wake, and they have been acknowledged as public benefactors. It is to be regretted that they have not taken any action this year in the good work of early closing, that they heretofore so liberally and humanely inaugurated. I trust it is not yet too late. The bulk of the hot weather is yet to come, and for the sake of their numerous employees, who stand quite as much in need of recreation and mental improvement as ever they did, I hope that they will commence on the 1st of July to close at five o'clock P. M. And there is no doubt other trades will be influenced by their good example and follow suit. Don't let there be any retrograde step in this early closing movement. I hope the dry-goods merchants of this city will keep up their fair fame and not violate the compact they so laudably entered into last year (any more than they would allow one of their notes to be protested, which is a thing they never do), and thereby merit the gratitude of their clerks, as will be shown by their, "if possible," increased devotedness to their employers' interests, and merit the good wishes of the citizens generally.

SALESMAN.

Captured by Strategy.

Mrs. Freeman yesterday appeared before Mayor McCarthy and made information against her husband, James Freeman, for assault and battery and disorderly conduct, alleging that James came home yesterday morning slightly under the influence of a certain convivial beverage commonly called "old rye," and wantonly and maliciously commenced to demolish their domestic effects. Officer Cupples was dispatched to arrest Freeman—who, by the way, has a high reputation for pugilistic ability—but fearing to make known his errand to Freeman, whom he met on Penn street, he determined to effect his mission by a piece of harmless strategy. The turbulent James is an extensive dealer in calves, and knowing this, the officer accosted him with the interrogation, "Do you wish to purchase some calves?" "Yes," ejaculated Freeman, with an eagerness that showed he had a keen eye to business. "Where are they?" "On Fourth street," answered Cupples, who forthwith took the speculator in veal under his charge, and before he could realize the true state of affairs, had conducted him to the door of the Mayor's office, where the aid of a couple of policemen were obtained, and, much to Freeman's horror and astonishment, he was conveyed to the tombs. The only *calves* he could see were those in the boots of a fellow prisoner. Freeman, on being incarcerated, swore roundly at the meanness of the dodge resorted to for his capture, and avowed that his arrest could not have been effected in any other way.

Accident—Man Run Over.

An accident of somewhat serious nature occurred at the freight depot of the Pennsylvania Central Railroad, about twelve o'clock, noon. A horse attached to an express wagon took fright and was about running away, when Patrick Bannon, the switch tender at the old station, caught him by the head and endeavored to quiet the animal. Despite Bannon's efforts the horse got away knocking him down, while the rear wheel of the vehicle passed over his neck injuring, it is thought, him seriously. He was conveyed to his residence in the Third ward, where he received proper medical treatment, and at last accounts was doing well.

The Book of Anecdotes and Incidents of the Rebellion.—We are in receipt, from the Hartford Publishing Company, of a neatly printed and illustrated book, bearing the above title, by Frazer Kirkland. It is very entertaining, and is entirely devoted to anecdotes and incidents of the rebellion. The book is sold by subscription only.

Died of his Injuries—Inquest.—Dennis McCarthy, who fell from a window of the Eagle Hotel, as noticed in Thursday's *Gazette*, died of his injuries yesterday morning. An inquest was held and a verdict of accidental death rendered. The funeral of the deceased will take place to-day.

Closed.—The public schools of the city closed yesterday, and scholars and teachers will enjoy the usual summer vacation. The schools will re-open on the first Monday of September next.

Fire.—The alarm of fire this morning, about one o'clock, was occasioned by the burning of a frame tenement at the head of Carson street, in the Ninth ward.

DIED.

McCARTHY—On Friday, the 29th inst., at 10 o'clock, A. M., H. D. McCARTHY, tobacconist, aged 30 years.

The funeral will take place THIS (Saturday) AFTERNOON, at 2 o'clock, from the Eagle Hotel, Liberty street. The friends of the deceased are invited to attend without further notice.

THE "COMMERCIAL."

By way of rejoinder to what we said the day before, said yesterday:

"The Pittsburgh *Gazette* comes promptly to the support of Mr. Forney and his negro suffrage doctrine."

If our contemporary means simply to say that we are willing, nay, anxious, Colonel FORNEY, in common with other eminent men of the party, should have their claims fairly weighed, it speaks truly; but if it means we have espoused his cause, and urge his election, it quite misunderstood our purpose. We stated a few days ago, that we intended to submit some specific suggestions relative to the Senatorship; and when we redeem that promise, which will not be long hence, it will fully appear where we do stand; and that Colonel FORNEY is by no means our first choice.

Equally mistaken is our contemporary in charging that we came promptly to the support of Colonel FORNEY's "negro suffrage doctrine." We said neither more nor less than this:

"It is not true that the Republican party has declared against black suffrage. The utmost that can be truthfully said is it has not declared for it. Many Republicans, and among them not a few who are eminent for discernment, experience, talent, and virtue, are in favor of allowing black men to vote on the same terms as white ones."

We did not undertake to set forth our own views; and it is inconceivable how any body should imagine we did.

But the *Commercial* alleges that we misrepresent its position on the question of negro suffrage. It says:

"This the *Gazette* does when it says the *Commercial* has favored universal negro suffrage as a distinct proposition. What we have said, and do still say, if negroes are to vote anywhere they should vote in Pennsylvania; and we have repeatedly held up the inconsistency of making half a million voters of men just emerged from the darkness of bondage, while intelligent negroes, but a few thousand in number, are excluded from the polls. The popular import and the accepted intention of "negro suffrage," is suffrage to the freedmen, without regard to fitness or qualification. We believe it would be unwise and perilous thus to extend suffrage. We believe, however, there are negroes in the North and South as well qualified to vote as a great many white voters, and a great deal better than some who take boisterous part at our elections. Rejecting, therefore, indiscriminate negro suffrage, and especially for the freedmen as an immediate privilege we have believed, and do still believe, in impartial suffrage without regard to color, based on intelligence?"

It has been our intention to do our contemporary exact justice in this matter. Let us review:

January 17th, the *Commercial* said:

"Let us have consistency; not only that, but justice. Let us have suffrage—*intelligent suffrage, we may say—not for white men alone, but for colored men;* not merely for intelligent colored men at the South, but everywhere—a universal system of suffrage, based not on color, but on some rule that will show that men approaching the ballot box possess a certain degree of fitness. At any rate, let us not wholly overlook the colored men of the North."

Now, it is manifest that the leaning is here for a qualified basis of suffrage. Intelligence is preferred as the standard, and this applicable to whites and blacks alike.

January 22d, it said:

"The zeal Mr. Kelly has shown in carrying through his bill, will be long quoted in his favor. Has he not the influence to produce a movement in the Legislature to enfranchise the intelligent, tax-paying, returned soldier colored population of Pennsylvania. We count confidently on somebody moving in our Legislature. Let us back up our representatives with prompt action. The *Union majority in Congress have marked out the way*—let us march boldly in it."

The bill introduced by Mr. KELLY, and for which he is here applauded, made every black male citizen, of full age, a voter. Did the *Commercial* applaud what it really disapproved? True, in urging Mr. KELLY to use his influence for a movement in the Legislature, intelligence, tax paying and military service are suggested as qualifications, but in so general and ambiguous a way it is hard to tell whether one alone would be accepted as sufficient, or whether all must be combined, to make a voter of a black man. Nor is there any intimation whether or not the same rule should be applied to white men. In the light of the former extract, however, the inference would be that one basis should apply to both races.

January 25th it said:

"We would, however, prefer incorporating into the (Federal) Constitution an article whereby *all* men, white and black, North and South, shall be permitted to vote—and AT ONCE—leaving nothing to the caprice of any State. * * Why not close the matter up at once and forever?"

If that does not discard all distinctions of color, or property, or military service, then we are at a loss to determine what words would. Now, we admit the right of our contemporary to revise its opinions; but it is hardly fair for it to assail Col. FORNEY, who has not gone as far as that, but occupies much more moderate ground, as we shall presently see.

And now let us consider another point. The *Commercial* says:

"The *Gazette* has a perfect right to support Mr. Forney. It has a perfect right, too, to support negro suffrage—the same right we have to object to both; but our neighbor has no right to say negro suffrage is a part of the creed of the Republican Union party or to attempt to force it upon others. We repeat, that question is outside of the recognized platform of the party, and in planting himself on that issue, Mr. Forney, if he does not cut himself off from the party, certainly does go so far beyond that the distinction is without a difference."

While the *Commercial* advocated the right of "*all men*" to vote, did it "cut itself off from the party?" In advocating negro suffrage now, as it certainly does, as the basis of intelligence, does it place itself outside the pale of the Republican party?

The *Commercial* has certainly a right to dissent from Col. FORNEY's views. It has no right to misrepresent them. The Colonel stated his views in these words:

"Entertaining very clear and definite opinions on this subject, I do not hesitate to state that I believe the true solution of all our complications and the lasting protection of our free institutions, is to confer *impartial suffrage* upon American citizens of whatever creed, color or nativity. If this makes me a radical, I am a radical, and I glory in the name."

This, if we understand aright, is not far from the decision of the *Commercial*. It would allow black men to vote on the same tenure as white ones, but is tenacious of an educational or intellectual qualification. The Colonel insists on equality, no matter what basis shall be adopted. There is not enough difference here to quarrel over.

While the *Commercial* was hammering against Congress, and the Congressional plan of Reconstruction, it certainly "cut itself off from the party," much more palpably than Colonel FORNEY does by advocating negro suffrage. The State Convention; the Allegheny County Convention; the City Conventions of Pittsburgh and Allegheny, all declared for Congress; but the *Commercial* did not hold itself bound by either one, or all four of these platforms. With what show of consistency does it now seek to shut Colonel FORNEY out of the party, and the line of promotion, because he espouses a doctrine and measure in regard to which the platforms affirm nothing?

The present course of the *Commercial*, in sustaining the new Constitutional amendment, we are glad to notice and approve. It tends to promote harmony in the Republican ranks, and so contributes to an auspicious result in the election next fall. If it will only keep on in that direction, we are content it shall have as many peculiar notions as it pleases, provided it will accord the same measure of liberty to all other members of the party—Colonel FORNEY included.

GENERAL NEWS.

—Three men were killed by sun-stroke in New Orleans last week.

—General Cass was estimated to be worth from four to five millions.

—Fifty thousand dollars worth of strawberries are consumed every week in New York.

—Upwards of four hundred clerks were thrown out of employment by the London bank failures.

—A Paris correspondent speaks of the "fast" tendencies of some American misses in that capital.

—A Baltimore court has just decided that no title can be legally acquired in property won in a raffle.

—A rattlesnake, ten feet in length, was found in the gutter at New Orleans. A policeman killed the insect.

—Garibaldi's physician, it is said, has serious doubts whether he can go through a campaign, on account of the weakness of his limb.

—The Reconstruction Amendment has reached the New Hampshire Legislature in official form, and been referred to a select committee of ten on National Affairs.

—The case of General Blair, of Missouri, against the judge of election, for refusing to receive his vote without first taking the oath prescribed, has been decided against him.

—An infant was strangled to death in New York, the other day, by attempting to swallow an ornamental ball attached to a waterfall pin, which had been given to it to play with.

—A number of fatal cases of scebro-spinal meningitis have occurred in Shelby and Hancock counties, Indiana. Several of the patients died within twenty-four hours after the attack.

—It is reported that General Sickles is likely to receive the nomination for naval officer of the port of New York. If nominated, it is stated that he will undoubtedly be confirmed.

—Abram Lincoln—cousin of the late President—is an itinerant peddler residing in Harrison county, Indiana. He bears a strong resemblance in form and feature to his great relative.

—There is some prospect of an extra session of the Iowa Legislature to ratify the Constitutional Amendment. The St. Louis *Democrat* opposes an extra session in that State for the purpose of ratification.

—At Edinburg, Johnson county, Indiana, on Friday, a man named Ditman murdered Martha Bennett, a married lady. He shot her five times, beat her over the head, and finally set fire to her clothing; after which he went to a saloon, took a drink, smoked a cigar, and waited till an officer came to arrest him.

—There is a story extant of a barber who, being called upon to shave President Johnson, carelessly tweaked his Excellency's nose. "Pardon me," said the confused operator. "Put your hand in my coat pocket," replied the President, "and take out a blank pardon. I'll fill it up and sign it as soon as you have finished shaving me."

—A memorial has been presented in the House from the citizens of Ohio, asking that suitable provisions be made to prevent United States pension agents from deducting any fee from payments made to pensioners, and protest against allowing United States pension agents a fee for preparing papers and administering oath.

—Jack Rogers, the member of Congress from the Fourth District of New Jersey, is at present rusticating at his home in Newton, laying plans and improvising combinations by which to prevent the nomination of Mr. John G. Trusdell for Congress and secure his own return to that body. It is said that both these gentlemen will be thrown overboard, in spite of the fact that the Democratic party in the House will thereby be deprived of its "leader."

An Embarrassing Situation—A Pair of Lovers in a Fix—The Dangers of Pitch.

[From the Memphis Argus, 26th.]

Night before last, as the moon rose over the hill and tree tops, gilding the spires of our beautiful city with her silvery rays, there might have been seen upon the roof of an Egyptian cottage, which is flat, and covered with pure white gravel and pitch, a couple of lovers seated, enjoying the beauty of the scene, and

"Though few the hours, the happy moments few,
So warm with heart, so rich with love they flew
That their warm souls forgot the will to roam,
And seated there, as in a dream at home!"

The sun during the day had been very warm, and thus they met to spend the fleeting hours of twilight, enjoying the pleasant breeze that floated up from the magnolia garden beneath, and interchanging their soul-longings and warm affections. Near each other the lovers sat; with one arm he encircled the waist of the beautiful creature at his side,

"Her little hand lay gently, confidingly in his,"

and all passed quietly and lovingly until the bell tolled the midnight hour.

"None but the loving and beloved
Should be awake at this sweet hour."

The tolling of the bell reminded them that

"Tired nature's sweet restorer, balmy sleep,"

was requisite for lovers as well as others. Still seated near each other, the plighted vows were again exchanged, and sealed with kisses, like

"Linken sweetness long drawn out."

At length, after many vain attempts to sever these pleasant pleasures, the transported loveyers found that they were bound to each other by more sticking bonds than lover's vows. The hot sun had melted the pitch, and after sitting so long, and the night air having cooled the resinous matter, they found they were both "stuck fast." The young gentleman first attempted to disengage himself, but found, like aunt Jemima's plaster, "the more you try to pull it off, the tighter it sticks the faster." The young lady then attempted to get up, which she did, minus the skirt of her dress, and all her under-clothes, as far as the "filters." In this plight she attempted to relieve her disconsolate partner, but it was of no use,—he couldn't come. After some parley, he came to the conclusion he could manage it by slipping out of his pants. Accordingly he asked of his companion if she could lend him a pair of pants, until he could go home. She thought her pa's would do if they were not too long. With this information he slipped off his boots, and loosening his suspenders, drew himself out of his pants as easily as possible, and the disconsolate couple took themselves down stairs in a very blushing manner, and looking very much like our first parents when they discovered that they were human. The lady procured, as quietly as possible, a pair of her father's pants, which were run into pretty quick, and the Adonois decamped with his pants rolled up about six inches. The joke was too good to be kept; by little and little it leaked out, until the truth had to come to exculpate the happy innocents.

POLITICAL.

—The Republican State Convention of Kansas will meet at Topeka, Sept. 5th.

—The Cleveland *Leader* has declared for Hon. R. C. Parsons for Congress, to succeed Judge Spaulding.

—Hezekiah G. Wells has been named as a probable candidate of the Republicans of Michigan for Governor.

—General Shields will, it is said, contest with Frank Blair the glory and honor of representing Missouri in the Senate.

—The Maine Democracy have postponed their State Convention to August 7th, which has caused considerable surprise.

—Brigadier General Fitz Henry Warren is understood to be anxious for a nomination in the Third Iowa District, now represented by Hon. James F. Wilson. The General supports the President's policy.

—The Louisville *Courier*, of yesterday, asserts that no arrangement was consummated Saturday afternoon by which Bolling and Seaton are to be withdrawn, and General Hobson placed on the track to receive the support of both radicals and conservatives in Kentucky for Clerk of the Court of Appeals.

—The result of the Nebraska election is at last definitely known. The Republicans have been successful "all round." Mr. Butler has 145 majority for Governor; Mr. Marxuette has 136 majority for Congress; and the State Constitution has 111 majority. The Democratic shout of victory was made before they were "out of the woods." The total vote is about 8,000. Nebraska will now at once apply for admission and the application will no doubt be granted.

WANT SUPPLIED.—London Ale, BOTTLED ALES, LONDON PORTER, BROWN STOUT.—To get genuine imported LONDON ALE, PORTER or BROWN STOUT has been almost an impossibility in this city, notwithstanding the fact that there are few tonics more suitable for weakly persons and invalids. DISSOLUTION.

THE PARTNERSHIP OF JENKINS, SMITH & COWLEY is this day dissolved by mutual consent, Mr. F. W. JENKINS retiring from the firm, and leaving the business in the hands of his former partners, Messrs. J. C. SMITH and A. COWLEY, who will continue the business as heretofore, under the firm name of SMITH & COWLEY.
F. W. JENKINS,
J. C. SMITH,
A. COWLEY.
Pittsburgh, June 28th, 1866.

IN SEVERING MY CONNECTION WITH THE IRON CITY COLLEGE, an institution with which I have been so long connected, I take this opportunity of recommending it to the public as an institution every way worthy their confidence and patronage, one which has already accomplished much, and which I sincerely hope may in the future be able to accomplish still more for the young men of our country. F. W. JENKINS.

THANKFUL FOR THE PATRONAGE SO LIBERALLY bestowed in the past, and duly appreciating the honors conferred on the Institution by an intelligent community, in the numberless evidences of their respect for and confidence in its merits, we hereby renew to the public our pledge for a zealous and faithful performance of our duties, trusting that by unwearied exertions, and strict personal attention to the wants of students, we may be able to make the IRON CITY COLLEGE deserving of still higher credit, and capable of producing more valuable results.

NOTICE TO THE
Tax Payers
OF THE
Borough of Lawrenceville.

Whereas, by a Supplement of the Act of Assembly approved the 4th day of March, A. D., 1864, relating to the payment of the Borough Tax to the Treasurer within the limits of said Borough, the undersigned respectfully notifies the said tax payers that he is now in possession of the Duplicate for the payment of said tax, and ready to receive the same.
On all taxes paid on or before the first day of August, 1866, an allowance of five per cent. will be made.
On all taxes paid subsequent to the first day of August and prior to the first day of September, must be paid in full.
On all taxes paid subsequent to the first day of September, he shall add five per centum.
And on the first day of October in each year, the Treasurer shall make out a list of delinquent tax payers, with the amount due from each, with ten per centum additional added; provided that no additional amount shall be less than ten cents, and place the same in the hands of the High Constable, whose duty it shall be to receive the same under a penalty of fifty dollars; and the said Treasurer is hereby authorized to issue to said constable his warrant to collect said tax, granting him all the powers and immunities now by law vested in collectors of county rates and levies. Provided that no further additional notice to tax payers shall be required than the advertisement in one or more papers and by handbills. WM. JANCEY, Borough Treasurer,
Corner of Butler and Dravo Streets.
The said Treasurer respectfully informs the taxpayers of said borough that he is Collector and Treasurer for the Lawrenceville School District, and is also prepared to receive their taxes, and invites them to call at his office in the Borough of Lawrenceville, at the corner of Butler and Dravo sts.

SAVE THYSELF.
A CURE FOR INTEMPERANCE.
Dr. S. Cutter's Celebrated Stomach Bitters.
The greatest Nervine ever discovered. The addition, within the last ten years, of Dr. Cutter's Nervine Discovery to the English Bitters, makes it a perfect antidote to intemperance. Previous to his discovery of the Nervine, this medicine was before the English public, celebrated as a Tonic and Alterative, in diseases of the Stomach and of the Bowels, and diseases arising from impedities of the blood. As a nervine is always the choice of the Stomach, in all persons addicted to the use of stimulants and narcotics, such as alcohol and malt liquors, opium, morphia, arsenic, tobacco, &c., as it removes the morbid appetite, or craving of the stomach for stimulant; in Headache, Neuralgia, and all nervous diseases, it has no equal as a Nervine.
Ten years use of the improved English Bitters in St. Bartholomew's Hospital, St. Mary's Hospital, Newgate and other prisons, has established its reputation, as a cure for intemperance, and gained for it the approval of the attending surgeons in all the hospitals and prisons throughout Great Britain, and is prescribed now by many physicians in private practice, for persons addicted to the use of stimulants and sedatives. In Paralysis, St. Vitus' Dance, Epiliptic Fits, Nervous Twitchings, and all Nervous diseases, it has no equal. Wholesale and Retail Agent,

Quarter Sessions Court.

Judges Sterrett and Brown sitting.

FRIDAY, June 29.—The following business was transacted:

ILLEGAL LIQUOR SELLING.

Anton Weber, tavern-keeper in the Fourth ward, Allegheny, pleaded guilty to selling liquor without license, and was required to pay a fine of fifty dollars and costs.

Maria Brier, of the Third ward, city, pleaded guilty to an indictment charging a similar offense. Sentence deferred.

TRIED FOR PERJURY.

Wilson Ray, was indicted for wilful and corrupt perjury, on the information of George Grubbs. The parties reside in Sharpsburg. Defendant was a witness in an action for trespass before Alderman Nicholson, in which Matthew Coward was plaintiff and George, Josiah and Daniel Grubbs and George Freeze defendants. The cause of the action was the cutting down of a fence on the premises of Coward, for the purpose of opening an alley sixteen feet wide in the borough of Sharpsburg, in pursuance of an ordinace of the Town Council. On the hearing of the case, Ray testified that the breach in the fence extended a distance of twenty-three feet, this statement, as he said, being based upon actual measurement, whereas the fact was but thirteen feet of the fence had been cut away. The point was alleged to be a material one in the issue, and hence the prosecution. For the defense Maj. Brown said the material question was, not as to the extent of the breach in the fence, but as to whether there had been any breach, the plaintiff denying that the alley which it was proposed to open had ever been laid out. Further, it did not appear from all the evidence that the defendant, although he might have been mistaken, had wilfully and corruptly sworn falsely, which the jury must believe before they could convict. For the prosecution Col. Duff argued that it had been proven defendant swore absolutely and deliberately that the breach was twenty-three feet long, and that it had been shown to be only thirteen feet. The fact was a material one, as it operated on the question of damages in the case before the Alderman. Verdict not guilty, prosecutor and defendant each to pay one-half the costs.

JUVENILE SEDUCTION CASE.

John Nield, sixteen years of age on the 24th of February last, was placed upon trial on an indictment for seducing, under promise of marriage, Maggie Luker. The parties in this case are cousins. The defendant resided with his grand-father, Eli Neild, in Lower St. Clair township, and the prosecutrix in the Eighth ward, living on two or three occasions with her uncle, Mr. Leidy, defendant's step-father. Miss Luker deposed in her information before the magistrate, Alderman Nicholson, that in Lower St. Clair township, on or about the first of June, 1865, she being aged between sixteen and seventeen years, defendant had improper connection with her, under promise of marriage, the result of which was a bastard child. Testifying on the witness-stand, she said the connexion took place about the middle of June, but was not sufficiently explicit (as contended) as to the promise of marriage. For the defense, Mr. Leidy—uncle of prosecutrix and step-father of defendant—testified to the association of Miss Luker with others than defendant, and that in a conversation with her, about the latter end of last November, in reference to a time, when she was in a condition to become a mother, she called God to witness that no one save a young man named John Snyder had ever been criminally intimate with her. Miss Luker's attention had been called to this matter, being asked if she had so said to her uncle, and said the remark she made was that she had never "kept company" with any one but John Snyder. The case was submitted by counsel without argument, the prosecution claiming conviction only on the last count (the third) of the indictment, charging fornication and bastardy. The other counts charged seduction under promise of marriage. The Court briefly charged the jury, who returned a verdict of guilty on the third count. The defendant was required to pay the costs of prosecution, thirty dollars to the prosecutrix for "lying in" expenses, thirty dollars for the use of the poor, ten dollars per week for five years for the maintenance of the child, to enter into bonds in the sum of $800 for the fulfilment of this sentence, and to appear at the end of five years to await the further order of the Court.

FALSE PRETENSE CASE.

S. S. T. Thompson was placed on trial for obtaining money under false pretences from Washington Snyder, of Penn township. Mr. Snyder was in the possession of a tract of land under a lease from the defendant. The land was sold by Thompson to John Hughes, and as an inducement to cancel the lease, which had three years to run from the 1st of April last, Snyder was offered a certain sum, provided the purchaser, Hughes, would agree to pay it, over and above the amount of purchase money originally agreed upon. The lease was cancelled, but it appeared that Snyder did not receive the amount he expected or that he contended was promised him, and hence the suit. The evidence, however, did not suit the charge in the indictment, it appearing that if there was any false pretence it was in obtaining the cancellation of the lease, and not in obtaining money, and the jury accordingly found a verdict of not guilty, requiring the costs to be divided equally between the prosecutor and defendant.

SUPERVISORS INDICTED FOR NUISANCE.

George Dillon and George Whitmore, Supervisors of Shaler township, were placed upon trial on an indictment for nuisance, found on complaint of J. C. Comstock, Esq., of Sharpsburg. The charge was that the defendants have refused and neglected, and still refuse and neglect to repair a public road leading from the Butler turnpike at a point near the property of Charles Spang, thence through the village of Etna and across Pine Creek to the Sharpsburg and Lawrenceville bridge, and to build a bridge over Pine Creek, a part of the road, and that a part of the road, for the length of one hundred feet, and breadth of forty feet, including part of the bank over the creek, is rendered impassible for the public, by reason of the neglect of the Supervisors. On trial at adjournment.

The Railroad Case Decided.

The case of the city of Baltimore vs the Southern Pennsylvania Railroad, tried in the United States Court at Williamsport, Hon. Wilson McCandless presiding, was brought to a close on Thursday, the jury rendering a verdict that the Connellsville Railroad Company had not misused or abused its charter.

Judge McCandless, in his charge to the jury, said it was an issue out of chancery, to inform the conscience of the chancellor as to a question of fact, and in making his decree the chancellor might disregard the verdict altogether, whatever it might be. An act of the Legislature, passed April 28th, 1865, repealing the charter of the Connellsville railroad company, was declared by the United States Court, at this city, to be unconstitutional, being a law impairing the obligation of a contract with the State, made with a corporation, and which was in violation of the Constitution of the United States. As there was a writ of *quo warranto* at the instance of the Attorney General of the State, pending in the Supreme Court, it was deemed proper that an opportunity should be afforded to the law officer of the commonwealth to inquire in that tribunal whether the Pittsburgh and Connellsville Railroad Company had misused or abused its corporate franchises. Ample time was allowed for that purpose, and no further proceedings having been taken by the Attorney General, Judge McCandless, in May last, directed an issue to try the question of fact, and set the case down for trial at Williamsport. The testimony as to acts of omission and commission was limited to a time subsequent to the date of the condoning act of the State of Pennsylvania, of the 11th of April, 1856, upon the faith of which the city of Baltimore loaned her credit and paid one million dollars. Any offense against the sovreignty of the State of Pennsylvania she pardoned by the act of her Legislature of that date.

The jury were therefore to ascertain from the evidence whether the Pittsburgh and Connellsville Railroad Company had, since the year 1856, misused or abused the franchise granted to it by the State of Pennsylvania. Sixteen points were submitted by the counsel for the respondents which the court declined to answer, except as to the sixteenth, and two points submitted by complainants, holding that "under the act of April 18th, 1863, the Pittsburgh and Connellsville Railroad Company have the right to make their road to the Maryland line, and to connect with any road authorized by the State of Maryland."

The New Coins.

In pursuance of two several acts of Congress the Treasury Department has discontinued the issue of paper currency of the denomination of five and three cents.

All orders for currency below the denomination of ten cents should, therefore, be addressed to the Director of the Mint at Philadelphia, accompanied by a remittance for the amount in the manner indicated in the following regulations for the distribution of the cents, and the new nickel three and five cent pieces of the United States.

The bronze one and two, and the nickel three and five cent coins can now be had at the Mint in exchange for the gold and silver coins or the legal tender notes of the United States.

The new three cent pieces are put up in bags of $30, and the five cent pieces in sums of $50 each, and either of these sums, or any larger amount of which fifty or thirty is the multiple, will be sent in the order of the entry of application.

The reasonable expenses of the transportation of the cent and three cent pieces in sums of $30, and the five cent coin in sums of $50 or upwards, to any point accessible by railroad or steamboat, will be paid by the Mint.

The Adams' Express Company will act as agents for parties ordering cents, &c., to which money or drafts on national banks, payable to their order, may be sent, or drafts on, or certificates of deposit in national banks, payable to the order of the Director or the Treasurer of the Mint, may be sent, and the coins ordered will be forwarded when the money is received or the drafts collected.

Arrested for Shop-Lifting.—A German woman named Mary Hoffman was detected in the act of concealing a pair of women's balmoral shoes under her shawl, yesterday, in W. C. Borland's shoe store, on Market street. She was arrested and brought to the Mayor's office, where another charge of shop-lifting was preferred against her by Messrs. Bates & Bell, dry-goods merchants, on Fifth street, from whom it is alleged she stole a piece of light dress-goods. She was locked up for a hearing.

TELEGRAMS.

FROM WASHINGTON.

Swamp Lands for Michigan and Iowa—The Senate and Appointments—River and Harbor Appropriations—Claims Postponed—New York Naval Officer—Customs Receipts—Cabinet Changes Rumors—Abuses of the Franking Privilege—The Tax Law Amendment—Bills Approved by the President—Awards for Booth's Capture.

NEW YORK, June 29.—The morning papers contain the following specials from Washington: The General Land Office has just transmitted to the Governor of the State of Michigan, approved list No. 10, vesting title in the State for seven thousand and seventy-one acres of swamp lands inuring under the provisions of the Congressional grant, by act of 28th September, 1850, and to the Governor of Iowa, an approved list of swamp and unexplored land covering six thousand one hundred and sixty-eight acres, vesting title in the State under the State Government.

It is said that the Senate in Executive session has resolved to confirm the appointments that lack the indorsement of the Senator of the State whence the appointee hails. If this really is the case the President will be seriously embarrassed in making appointments.

The appropriations of the River and Harbor Bill, approved on the 23d instant, amounts to $3,698,047 91. The following are among the items: For surveys of the Atlantic coast, $30,000; the Pacific coast, $25,000; the Northwestern Lakes, $100,000; the West and Northwestern rivers, $100,000; for improvement of the Mississippi, Missouri, Arkansas and Ohio rivers, $550,000.

The discussion on the Niagara Ship Canal bill has proved that measure to have more friends than it was previously supposed to have. It will pass. The Committee's amendment making the consent of the State of New York necessary, will probably be stricken out.

An effort is being made to get to Committee on Claims to reconsider the vote by which they postponed until next December the consideration of the Senate bill for the benefit of certain iron-clad contractors who lost large amounts of money in building iron-clads.

Some prominent New Yorkers are here to look after the appointment of Naval Officer at New York city. General Sickles is being pressed for the position. Colonel Hillyer's chances for the place are considered exceedingly slim.

The following is a statement of the receipts for customs at the four principal ports of the United States from the 16th to the 23d of June: New York, $2,168,787; Boston, $291,784; Philadelphia, $134,819; Baltimore, $69,457. Total, $2,664,848.

A recent report to the Secretary of the Navy from Commander Thomas Patterson, commanding the United States steamer Muscovite, shows that there is no foundation for the recent report that freedmen had been taken to Cuba and sold, as the Cubans refuse to purchase them, or in any way to have anything to do with them.

Rumors of Cabinet changes are again being revived. This time the places of only Harlan and Speed are to be made vacant.

Lieutenant General Grant has accepted the position of Second Vice President of the Washington National Monument Society, which was, until his recent death, filled by Lieutenant General Scott.

On Monday evening next the House Committee on Foreign Affairs will bring forward their reports on the Mexican question and the Fenian affair. In regard to the latter they will report adversely to the proposed repeal of the neutrality laws, and, so far as learned, they are also opposed to any indorsement of the Mexican loan.

The Senate is having quite a spicy time in executive session on the question of ratifying several Indian treaties which were made last fall. The opponents of their ratification claim that they are improperly made, and will prove worthless.

The Postmaster General sends a communication to Congress calling attention to the abuses of the franking privilege in the use of the franks of members by claim agents, patent agents, &c. The Postmaster General says the abuse has become a serious evil, lessening considerably the postal revenues and bringing reproach upon the Department. The Postmaster General is powerless to arrest this evil, while members of Congress permit their clerks or other persons to write their names upon envelopes, and use or permit the use of *fac simile* stamps, neither of which has the sanction of the law. Cases are cited where a Senator intrusts all his franking to a niece; where patent agents send their circulars under frank of a member of Congress, and a case where a clerk in one of the Departments farms out the franks of three members of Congress. Outside of this report, we hear of an instance where it is charged that a member of Congress sells his frank. The report was referred to the House Committee on Post-offices and Postroads.

The House having shown unmistakable signs of a determination to oppose the amendment to the tax law, permitting gas and railroad companies to include their revenue tax upon consumers of gas and travelers upon railroads, the representatives of these companies are busily at work to get the Senators' courage up to the sticking point, in order to defeat the wholesome resolve of the House. There is reason to believe, however, that the Senate will concur with the other branch, and that this iniquitous and unjust proposition to force the public to pay the taxes of fat corporations will utterly fail. The defeat of the measure in the House is due in part to the honest efforts of Hon. R. Eggleston, of the second District of Ohio.

The House Committee on Claims has concluded the investigation as to the awards for the capture of Booth, and a report is expected to-morrow.

The President has approved the bills to provide for the revision and consolidation of the statutes of the United States, making further provisions for the establishment of an armory and arsenal of construction, deposit and repair, on Rock Island, Illinois, and to establish a Land Office in the Territory of Idaho.

FROM SOUTH AMERICA.

Details of the Battle of Estova—Another Severe Battle Anticapated.

NEW YORK, June 29.—The *Herald's* Rio Janeiro correspondent gives the details of the battle of Estova Bellalo, between the Paraguayans and the allied army. It appears that the Paraguayans instead of falling back from Humaits, as the allies confidently expected, awaited the approach of the latter, and by a bold, sudden dash gave a severe blow to them, but reinforcements arriving, the Brazilians finally retrieved the day, not however, without the loss of a battery of artillery, captured by the Paraguayans early in the fight. The fight was a very severe one. More than a thousand wounded allies had arrived at Carrioulis, from the field.

The Paraguayans still resolutely held their fort and a severe battle was anticipated. All their war vessels had been converted into floating batteries, with the exception of five, which are kept for transport and dispatch boats.

The Brazilian fleet had left the Panama and taken up its position above Trees Bacas, in the Paraguay river. Some of the newspapers report the water in the latter river falling.

Financial matters in Brazil were unimproved.

The New York steamer Brooklyn was coaling at Buneos Ayres, for St. Helena, with the Admiral on board. The Juniata was ordered from Montevideo to relieve the Brooklyn, and the Shamut to relieve the Shamokin. The Kansas was at Montevido.

From the Cape of Good Hope.

NEW YORK, June 29.—Advices from the Cape of Good Hope, dated May 16th, state that the weather continued remarkably fine and a quiet reaction towards the return of better times progressed. Farming operations were being carried on favorably in every direction, but heavy losses still occurred in desolated districts from diseases among cattle and sheep. The settlement of a treaty of peace between the Basulitas and the free State was progressing satisfactorily. The gold discoveries in Fransovel were confirmed. Several expeditions had left Natal on their way to the diggings.

Fire in Cincinnati.

CINCINNATI, June 29.—The building on the Northwest corner of Fourth and Main streets, occupied by Chas. Owen, jeweler, R. G. Darnes tailor, and E. Mendenhall, book dealer, was partially consumed by fire last evening. It is supposed to be the work of an incendiary. Loss from $15,000 to $20,000, mostly covered by insurance.

Found Guilty of Murder.

CLEVELAND, O., June 29.—M. C. Connell, the murderer of Mrs. Colvin, in Olmstead, Ohio, last spring, has been found guilty of murder in the first degree.

DAN RICE'S
Interesting School of
EDUCATED ANIMALS.
A Choice and Rare Menagerie,
in conjunction with a FULL and REFINED
CIRCUS COMPANY.
The Triplicate Features
So arranged as to form TWO SEPARATE and DISTINCT EXHIBITIONS under the same Pavilion, and for ONE PRICE OF ADMISSION.

The School of Educated Animals,

Col. DAN RICE sole director and Trainer, comprises some of the most interesting and intelligent specimens of the brute creation ever introduced to the public, among which will be found a HERD OF SACRED CATTLE from Hindostan: objects of worship among the benighted heathen, and held in the highest esteem by all classes. These beautiful and interesting animals are the only creatures of their kind to be seen out of their native country.

The MONSTER ELEPHANT ROMEO, since the death of "Hanibal," the largest Elephant known to exist, and the only real Asiatic Elephant ever imported into this country. He is highly educated, and will be introduced by his captor and trainer, Stewart Craven.

The beautiful Arabian Trick Horse, STEPHEN A. DOUGLAS. The wonderful Blind Talking Horse EXCELSIOR, Jr., the most astonishing, beautiful and completely educated animal ever known, and over whom Mr. RICE exercises a control and degree of influence, which cannot fail to impress every one who witness this most extraordinary and magnificent exhibition of the power of the human mind over the instinctive faculties of the brute.

THE MENAGERIE.

The Zoological and Ornithological Department comprises an exceedingly choice collection of the rarest, most beautiful and curious specimens of Natural History, embracing in all eighteen cages, in which will be found LIONS, TIGERS, LEOPARDS, &c., &c., with unique Birds from various quarters of the globe.

A den of PERFORMING BEASTS will be exhibited by Prof. LANGWORTHY, the great American Dompteur.

A flock of PALATINE SHEEP; drove of ARABIAN CAMELS; an INFANT DROMEDARY only three feet in height; a BRAZILIAN TIGER, a beautiful specimen; a specimen of that very rare animal, the TAJACA, or RIVER HOG; a troupe of diminutive SHETLAND PONIES, ridden by MONKEY JOCKEYS.

THE CIRCUS COMPANY,

Which is organized under the sole direction of Mr. DAN RICE, will be found to number the most celebrated and noted artists in the profession, among whom are Mr. S. Stickney, Jr., Mr. Geo. Derious, Mr. Silas Baldwin, Mdme. Stickney, Mrs. George Derious, Mr. Fred. Barclay, and others of equal repute, and Mr. Rice pledges himself that the performance in the Ring will be of such a character, that while the most fastidious and exacting, shall find no opportunity for cavil or objection, the most ardent admirers of Equestrian Skill cannot fail of being thoroughly gratified.

SPECIAL NOTICE.—ORDER OF PERFORMANCES: The exhibition of Menagerie and School of Educated Animals. The Shetland Ponies and Monkey Jockeys. The Elephant Romeo and Prof. Langworthy's Den of Wild Beasts—with a Lecture on the wonders and purposes of the Animal Creation, by DAN RICE. Intermission of ten minutes, during which those who do not desire to witness the Equestrian Performances will have an opportunity of retiring. At the expiration of the intermission, the entertainments of the arena will commence. In the course of the performances, in compliance with a universally expressed desire, DAN RICE will don the motley, and for the first time in many years, appear as Clown and Jester. SAM STICKNEY, Jr., the favorite Jester and Vocalist, and the entire corps of male and female artists, will appear in a select and pleasing programme. A Grand Street Pageant will signalize the entrance of the establishment into the city, at 10 A. M. This procession exceeds in dazzling magnificence anything of the kind attempted on this continent, and will be led by the new and beautiful GOLDEN SWAN CHARIOT, containing Colson's North-Western Cornet Band, drawn by 20 superb thoroughbred Arabian horses, and followed by Romeo, the monster Elephant, with Dromedaries, Camels, Trick Horses, Ponies, Mules, Cages, Dens, Vans, Carriages, &c.

Admission to both exhibitions, 50 cents. Children under ten years of age, 25 cents, or admission to either exhibition separate, the same.
J. E. WARNER, Gen'l Agent.

FINANCE AND TRADE.

FRIDAY, June 29, 1866.

The following are the New York stock quotations to-day as received by Mr. P. R. Mertz: Gold, 154¾@151¼; 1881's, 110¾@111; Five Twenties, 103¾@104; Seven Thirties, 103¾@103¾; Ten Forties, 96¾@97. Cleveland & Pittsburgh R. R., 83¾; Pittsburgh, Fort Wayne & Chicago R. R., 98¾; Erie, 63¾; Chicago & North Western, 30¾.

Gold, after declining to 150¾ in New York, advanced to 154¾, but closed lower towards the latter part of the day at 154¼. It will take a more powerful clique than either the "bull" or "bear" party can muster up to effect the price of gold for more than a few hours. It is now a commodity held by all classes of people all over the country, the majority of them purchasing or selling for safety or speculation, and their motives and actions are not always guided by the natural instincts of reason. Speculators in New York knows too well that a rise above the views of the "hoarding class" will bring out large amounts and when it is time for them to realize, and after that a decline follows, and these speculators then withdraw from the market.

The sudden advance in Five Twenties is quite natural. A sharp rise in these bonds was predicted more than a week ago—when they were relatively below their value in comparison with other securities—without the beneficial influence the favorable quotations from Europe might exercise. Seven Thirties have advanced simply because there is no other temporary security to be had whilst the abundance of money is daily increasing, and to this will be added a large amount gold in the shape of dividends—the paying off of some 20-millions of certificates of indebtedness, and the July interest on 7-30s.

This large advance in 7-30s has already thrown a large amount of bonds on the market, and it seems hardly possible that the present quotations can be sustained more than a few days.

The predicted rise in Erie Railroad stock is now a fact, as the stock has advanced from 57¾ to 63¾. Cleveland & Pittsburgh is ready for a jump, and Fort Wayne is bound to follow as soon as the "cliques" have gathered sufficient strength to bring it about successfully.

The Titusville *Herald*, of Wednesday, reports oil matters as follows:

The petroleum markets have not changed since yesterday. Oil was still being offered at $3.25, although several of the producers were holding at $3.50. The general price offered was $3, showing that there is still a slight difference of opinion between buyers and sellers, the transactions are consequently not large.

The amount of oil going forward in tank-cars is still considerable. This will be in a measure counteracted by speculators buying oil to store here for a rise, should it be offered freely at $3. It is not therefore to be supposed that oil can fall much below that figure, unless the production increases to a considerable extent. The general impression is that oil will be much higher in the fall than it is at present, and all those who can afford to hold their oil will do so, and those who cannot will sell to those who can, thus in a great measure relieving the eastern market.

—Among the news items from Washington, is an important notice from the Secretary of the Treasury to holders of certificates of indebtedness, announcing that the Department, in accordance with the acts of Congress, is prepared to redeem, before maturity, all certificates of indebtedness falling due after August, 1866, with accrued interest, if presented for redemption on or before July 15, next; and that thereafter, such certificates will cease to bear interest; and after said date will be paid on presentation with interest only to the said 15th of July. The execution of this order, as we understand, will remove the last of the certificates of indebtedness (about thirty millions) from the market, and may be accepted as earnest of the determined purpose of Secretary McCulloch to maintain the credit of the Government, and as directly and expeditiously as possible to bring the currency of the country back to a specie basis.

—The latest English dates by mail are to the evening of June 15. At that date all the steamers departing from this side during the week ending June 2 had arrived; so that the intelligence may be taken as reflecting the result of the arrival of $27,500,000 of gold from America within thirty days.

The German war news caused a decline in consols to 86¾@86⅞ for money. On the evening of the 15th, five twenties were quoted at London 64¾@65; Illinois Central, 75@75½; Erie, 40½@40¾. Satterthwaite's Circular of the evening of the 15th of June, reports a fair amount of business during the week in American securities, and prices on the whole well maintained. Five twenties at one time touched 66, but closed at 64@64¾. Illinois was without alteration at 75@75½, but Eries, on lower prices from New York, declined to 40@41. The settlement has developed a scarcity of five-twenties and Eries.

The weekly return of the Bank of England showed an increase of £1,263,000 in bullion. The bank remained unchanged. The Thomas Hall Iron Company has suspended. Cotton has ruled firmer, with an advance of ¼d for American.

New York Money and Stock Market.

NEW YORK, June 29.—The Gold market closed firmly at 154¼@154¾. The Government securities were still active and firm to the close of business. The following were the closing prices: Coupons 1881, 111@111¾; Coupons 1865, 103¾@103¾; 10-40 Coupons, 97¼@97¾; June 7-30s, 103¾@103¾; July do., 103¾@103¾.

The stock market at the last open Board was lower on Erie, but steady on the balance of the list. At the afternoon session United States was the feature among the Petroleum shares, and sold down to 750, with more doing. There was very little activity in the other Petroleum stocks. The Mining shares were firm, with a fair business in the leading shares.

The *Post's* Money article says: The Loan market is easy at 5@6 ℔ cent., with exceptional transactions at 4 ℔ cent. Stocks are quiet. Governments are quiet, and there is an active investment demand, especially for the Sixes for 1865. Railroad shares are firm, Erie being the most active. After the Board, New York Central was quoted at 98¾@98¾; Erie, 63¾; Reading 109¾@109¾. Foreign Exchange quiet; bills at sixty days on London are quoted at 107@108 for Commercial, and 108@109 for Bankers'; do at short sight, 109¾@110¾.

The *Commercial's* money article says: The principal movement is in Erie, which is still in very active demand. There is a feeble speculative movement in Northwestern, but barely sufficient to sustain the price. Five-Twenties are ⅛@⅜c better. Ten-Forties rose ⅛c. Seven-Thirties are ⅛c higher. There is a moderate demand for Five-Twenties from foreign brokers, supposed to be for shipment. There are indications that some of the foreign bankers are buying up the old Five-Twenties, in anticipation of orders from Europe at higher prices. Foreign Exchange is quiet with a little demand for sight bills, but the principal transactions being on sixty days, prime bankers. Commercial bills are more saleable, but have not yet received their usual currency. Prime Bankers, Sterling, sixty days, passes at 1,08¾@1,08¾.

The supply of money is still largely in excess of the demand. Very little is wanted by stock brokers, beyond a few loans on Erie. The rate on call loans is generally 4 per cent., with exceptions at 5 per cent. There is more demand for paper at the current rate. In prospect of a still easier market, prime paper is taken at 5@7 per cent., the tendency favoring sellers. Gold is again rather firmer, owing to the scarcity produced by speculative holders and a liberal demand for Customs duties.

Gold is extremely scarce to-day, and the borrowing rate is ¼ per cent., in favor of the lender. At the four o'clock open board, the following were the principal sales: Western Union Telegraph, 51¾; Reading, 1,09¾; Erie, B, 3,30; Chicago and Northwestern, preferred, 59¾; Pittsburgh Fort Wayne and Chicago, 98¾. Gold closed at 1,54¾.

Chicago Lumber Market.

CHICAGO, June 27.—The market continues to rule firm and prices are well sustained. The receipts to-day were large and the cargoes sold readily. Cargo sales were:

125 m mill new lumber ¼ strips at $19,50; 240 m ¼ strips balance boards, scantling, and joist, upper qualities, taken out at $17,50; 90 m mill run lumber at $20,50, 25 m extra lath at $4,50; 1 m 2 sawed shingles at $5,50; 100 m joist, scantling and strips at $18,50; 150 m ¼ strips, balance mixed, at $20; lath $4; pickets at $12; 70 cds beech and maple wood, mixed, at $8; 120 m common mixed rafted at $17,50; 167 m A sawed shingles at $5,50 m A sawed shingles at $5, ¼ strips balance boards and scantling, 240 m at $22, to arrive—lath at $4; mill Menominee 150 m ¼ strips balance mixed, at $17, strips at $22.

Chicago Cattle Market.

CHICAGO, June 28.—The fresh receipts of Beef Cattle to-day at the Union Stock Yards are 130 [illegible]. Entered sales, 1121 head, at prices ranging from $5,25@5,50 for common cows; $6,62½ for good to choice cattle, and from $7,75@8,25 for [illegible] shipping beeves. The demand is tolerably active for the better grades, but [illegible] effect on the heavy receipts have a depressing [illegible] 25c per 100 lbs lower market, and prices are 15@25c [illegible] is much better than [illegible]. The quality of the stock [illegible] excepting the [illegible] received last month, [illegible] and other points, to two buyers from Buffalo [illegible] the yards. There are few eastern purchasers [illegible] the close is dull, with a general market at [illegible] 300 head left over unsold.

Albany Cattle Market.

ALBANY, June 29.—There has been quite a break-down in the Cattle market during the week, owing to the large supply from the New York and Brighton [illegible] the fact that both the New York [illegible]. Since Monday the market [illegible] of fair marketable quality, [illegible] and at the opening holders [illegible] buyers, [illegible] of ½c per pound; [illegible] the decline, [illegible] with last week's prices, is equal to [illegible]. The highest price paid was [illegible], and that [illegible] The range [illegible] upwards of [illegible] Sheep are neglected; although this week's receipts are only 4,000, the prices range from [illegible].

Cleveland Grain Market.

CLEVELAND, June 28.—Wheat—Firm and scarce. Held at [illegible] No. 1 spring; red winter firm and [illegible]. Corn—Steady and unchanged. Held at [illegible] for No. 1 mixed. [illegible] for No. 1 dry. Oats—Steady and quiet at [illegible] for western, [illegible] for Ohio.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, June 29, 1866.

The produce markets continue quiet and a little dull, the demand for the leading staples being entirely local, and the transactions are almost entirely of a small jobbing character.

GROCERIES—The grocery market is reported steady with a fair jobbing demand, and prices are pretty fully sustained. Rio Coffee is quoted firm at 28 for fair; 29 for good; 30 for prime; and 31 for choice. Cuba Sugars, 12¾ for fair; and 13 to 13¾ for good to prime; Porto Rico; 14 to 15 for prime to choice; 18 for crushed; 17 for "A" Coffee; 16¾ for "B;" and 16¾ for Extra "C". Rangoon Rice is quoted at 10¾ to 11; and prime to choice Porto Rico Molasses, at 87 to 90.

GRAIN—Wheat is firm with but little in this market, sale of 2 cars No. 1 Spring at $2,35. Oats in good supply and dull; sale of 1 car No. 1 Chicago at a fraction over 60 cents, including sacks; and 300 bush prime white at 60. Corn is a little dull but unchanged; sales reported at 77 to 80, for mixed and prime Yellow. No movement in Rye or Barley—but little of either offering. Buckwheat quiet and unchanged.

PROVISIONS—Bacon is firm with a moderate jobbing demand though prices are unchanged. We continue to quote at 16 to 16¼ for Shoulders; 19 to 19¾ for Ribbed Sides; and 25 to 25¾ for Sugar Cured Hams. Lard is dull but unchanged at 22¾@23. Small sales of Mess Pork at $33,50@33,75.

FLOUR—Is firm, but the demand is not unusually brisk. We can report regular sales from store at $10,50 to $11,50 for good to choice Spring Wheat Family; $12,50 to $13 for Winter Wheat, and $14 to $16 for Fancy Brands. Rye Flour is selling in small lots at $6,50@6,75 per barrel.

FISH—With the exception of Lake Herring, which have advanced, prices remain unchanged. We now quote at $5,50 per half bbl for Lake Herring; $9,25 to $9,50 per half barrel for White Fish; $16 per barrel for No. 3 large Mackerel, and $8,50 for half barrels.

POTATOES—Firm, with sales of Peach Blows at $1,40 to $1,50 per bush, and $3,50@4 per bbl, according to quality. New Potatoes are selling at $8 per bbl.

BUTTER—There is some little inquiry for prime packed at 20 to 22, while prime fresh firkin Butter, fit for table use, is selling at 23@24.

EGGS—Continue dull; with a supply somewhat in excess of the demand; sales at 23@24 per dozen.

SEEDS—Flax Seed sells readily at $2,70, and a round lot would bring $2,75. No movement in Clover or Timothy Seeds.

SORGHUM—Is selling at 55 to 60 for prime, and the demand is very light.

SALT—Is quoted firm at $2,50, by the car load, and $2,75 for small lots from store.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, June 29, 1866.

CRUDE—There was apparently a little better feeling in the Crude market to-day, at least the transactions were larger than during any preceding day this week, but there is no improvement in prices. We continue to quote at 12¾ to 13, bbls returned and in bulk; 17¾@17¾, packages included, on the spot, and 17¾@18, packages included, free on board cars. Sales of 57 bbls at 12¾, bbls returned; 400 bbls (light gravity) at 13, bbls returned; 900 bulk at 13, 500 "Smith's Ferry," in bulk, at 13; 600 for August delivery, sellers's option, at 14; and 300 at 18, packages included, free on board cars. That the demand was better to-day is evident from the transactions above noted, and good gravities of oil are held a little more firmly, though it must be confessed that the prospects for an early advance are by no means encouraging at present.

REFINED—The market for bonded oil continues quiet and dull though there is still some inquiry, and prices are not quotably lower. We can report sales of 500 bbls, to be delivered free on board cars here between the 15th and 30th of July, buyer's option, at 33¾; 500 for September, at 42¾, delivered in Philadelphia, buyer's option; 500 for September, at 42; and 1000 October at 44. We are cognizant of an offer of 40 cents for one thousand barrels standard white, for July delivery in Philadelphia; and it is said that there was an offer of 34 cents for one thousand barrels free on board cars here, which is considered about one cent per gallon above the market. Free oil is dull and neglected, the demand being restricted to supplying the immediate wants of the local.

—Since the above was put in type, we have a sale reported of fifteen hundred barrels "Petrolite" brand at 34c, net, free on board cars here.

ARRIVALS—We have but two arrivals of oil to report by river to-day, 430 bbls for Fisher & Co., and 167 for W. P. Logan. Messrs. Buffum Kehew & Co. received 30 bbls by rail from Smith's Ferry—making a total of 587 barrels.

PITTSBURGH IRON MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, June 29, 1866.

The transactions in metal have been somewhat restricted this week, as compared with last week, which was owing mainly to light stocks, especially of desirable irons, and not to any falling off in the demand. Good brands of iron are in demand, and sell pretty freely at full prices, while the lower grades are a little dull, though without quotable change. The following is a partial list of the sales effected during the week:

RIVER NEWS.

The river rose considerable during Thursday night and yesterday, and was still rising slowly last evening, with four feet two inches in the channel by the marks. At Oil City, the Allegheny rose about ten inches on Wednesday night and Thursday, but a telegram yesterday afternoon reports it falling, with twenty-seven inches in the channel. The weather continues cool and cloudy, with indications of more rain.

There has not been a single arrival or departures aside from the regular packets. The Parkersburg and Brownsville boats are arriving and departing, with fair trips each way. The Julia got in from Zanesville on Thursday night, and the Revenue left for Portsmouth last evening.

The Elector and Gallatin cleared for Brownsville last evening, and the Fayette and Chieftan are the regular packets this evening, leaving at 5 o'clock. The Telegraph leaves this morning.

Capt. John M. Hare has contracted for a new boat. The hull is being constructed at Freedom, and the cabin, as a matter of course, will be put on here. Capt. H. expects to have, when she is finished, one of the best stern wheel boats on the western waters.

Capt. Jos. H. Porter expects to launch the hull for his new side wheeler, early next week, and it is expected that she will be ready for business in about two months. The engines, boilers, cabin, etc., etc., are now under contract here.

The Yorktown, Capt. G. W. Ebbert, is filling up steadily for St. Louis, and will probably be ready to take her departure this evening, and passengers and shippers should bear this in mind. Capt. Standish Peppard has charge of the office.

The Camelia, Capt. Lytle, has a sign out for St. Louis, Dubuque and St. Paul, and will at once commence loading for those points.

The Importer and Columbia, from St. Louis, en route for Pittsburgh, were among the arrivals at Cincinnati on Wednesday; also, the Arabian, from Pittsburgh. The Columbia left the same evening for this port. We clip the following items from the Cincinnati *Commercial*, of Thursday:

Business continues exceedingly dull along the levee, while the river is in fair navigable order hence to Cairo. Freights are scarce, and the rates unusually low to all points.

The Arabian reshipped her St. Louis freight on the Blackford.

The Wauanita has 230 tons, which she brought from Pittsburgh, and Captain Thos. Shuman has concluded to fill out and leave for St. Louis forthwith.

Captain Marsh Clark telegraphs Captain Wise that the Havana has arrived at Nashville. He only reported 5 feet and falling on Harpeth Shoals in the Cumberland.

The St. Louis *Republican* killed a chimney painter named Harrison one day last week, and the papers far and wide have been stealing the item. Now, as the *Republican* has brought him to life again, give it due credit.

MORE COAL.—The tow boat V. F. Wilson came in from Pittsburgh yesterday, with a light tow of coal, some five barges with 45,000 bushels. She engaged two more barges here with 22,000 bushels all destined for Cairo, for R. M. Blackburn & Co. They purchased the two barges of coal here at 20c afloat.—*Louisville Courier, 27th.*

The following boats were in port at Cincinnati on Wednesday: Armadillo, Maggie Hays, Navigator, St. Cloud, Lady Franklin, Messenger, Abeona, J. G. Blackford, Minneola, Pine Bluff, Darling, Champion, Argosy, Glasgow, Wauanita, Emma Floyd, Arabian, Importer.

The St. Louis *Democrat* of Wednesday says:

We learn that the late St. Louis and Johnsonville packet Spray will hardly be seized at this point by the Sheriff. She was on her way hither from Tennesee, but turned back up the Ohio from that point. We presume an interest in the boat is still held in Pittsburgh.

Worden's keel boat starts to-day or to-morrow on her great adventure to Fort Benton and head of navigation, on the Missouri. We hope sincerely Capt. Worden's perseverance and outlay will be rewarded by success. The keel boat will be propelled by sail and cordelling.

We learn that on a recent up trip of steamer Golden Eagle, the mate found a large fuze shell in the coal, which, had it been undiscovered and thrown into the fire, would have resulted disastrously. There seems to be a mystery about this matter. Some steamboatmen are of the opinion that a great many of the late disasters have been caused by placing shells in the coal. It looks as though there might be some reasons for this belief, from the fact that the A. & M. S. S. Line have been sufferers so much of late from explosions and fires.

GREENBACKS

ARE GOOD.

BUT

ROBACK'S BITTERS

ARE BETTER.

Roback's Stomach Bitters

After years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the system and in all respects restore shattered and broken-down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent, and the best stomachic known to the world.

ROBACK'S

BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.

In the bilious districts of the West and South there has, for a long time, been much needed, an article of stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventive of

Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and

a preventive for bilious derangement, regulating the system, and giving tone to the digestive organs, than any other known remedy.

Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly at hand the BITTERS, as a safeguard against epidemic and maladies engendered by miasma and polluted water.

Travelers to and all residents of, the rank bottoms of the west and south, and the valley of the Mississippi and its tributaries, should provide themselves with the

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1860.

DR. KEYSER:—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward

PITTSBURGH, April 24, 1857.

READ THE TRUTH.—DR. KEYSER:—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DARIN,
Robinson street, Allegheny.

PITTSBURGH, December 31.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE,
Witness: B. M. KERR. Peebles township.

PATTON TOWNSHIP, April 14, 1848.

A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough, which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN McGINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles the last week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., told us they would not be without it in their families. In fact, all who use it once want it again.

Yours, respectfully,
J. S. WATTERSON & SONS.

January 30, 1860.

PITTSBURGH, November 18, 1859.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

STEUBENVILLE, Ohio, March 14, 1865.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.

E. F. PRATT,
Messenger Common Council, Pittsburgh, Pa.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I had been troubled with a cough and cold for several weeks—so bad was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

(Signed) J. W. SIMONTON,

"STOP THAT COUGHING."—"How can I do it?" Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Dec. 14, 1859.*

CHOLERA

DISARMED!!!

The Chief Cause of Pestilence Destroyed!

DR. E. COURTARET'S DISINFECTING FLUIDS, secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 298, 300 and 302 Henry Street, N. Y. Office, 32 Cedar Street.

This Company organized on a permanent basis, with Dr. Courtaret, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its DISINFECTING FLUIDS for sick rooms, nurseries, urinals, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, offal and fat-boiling establishments; all kinds of manures (*immensely* increasing the value of the latter to every farmer), and wherever poisonous and offensive gases exist. These agents are deodorizers, antiseptics, antiputrescents, and disinfectants in the scientific meaning of the words. They remove noxious gasses and odors by chemical principles—leaving in their places *healthful air;* they are DESTROYERS, and *not merely absorbents* of poisonous gases—not injurious to utensils in which they are used. The attention of medical and scientific men is directed to these disinfectants. Attached are testimonials in favor of this great discovery, which, with hundreds of others can be seen at the Company's office.

DELAVAN HOUSE, ALBANY, March 30, 1866.
To the President of the New York Disinfecting Co.:

Dear Sir: It is all it is represented to be. We have made many trials of disinfectants, but now consider that we have found an article which surpasses all others as a remedy against all bad odors.
